TO: Minerals File

FROM: Tom Munson, Reclamation Hydrologist *TM*

RE: Site Inspection, Alpine Gems and Minerals, Butler Valley Quarries, S/025/016, Kane County, Utah

Date of Inspection: November 18, 1996

Time of Inspection: 11:10 a.m.

Participants: Tom Munson, DOGM

I was to meet Paul Lamoreaux here today to evaluate the site conditions and discuss his reclamation plans. The site is less than five acres. Since the last visit made in 1995, it appears that some minor work has been done at the site. Photos were taken of the site.

I am investigating if any portion of the quarry sits on state lands. I located the southeast corner marker. I will see if there is anything north of that section 36 line and see if anything is on state lands.

The time is now 11:10 a.m. and Mr. Lamoreaux has not arrived at the site.
